VILLAGES

The heritage and contemporary essence of the Dandenong Ranges lie within its villages. Follow the scenic winding roads and discover the wonderful villages and communities scattered amongst the trees. Character filled streets lined with boutique shops await you. Fossick through the antique and craft stores, then sip tea in a quaint tearoom or indulge in a latte in front of a crackling fire.

ARTS & CULTURE

Communities of artists are dotted throughout the hills and back roads. Some opening doors to their private spaces over the Dandenong Ranges Open Studios weekend in May each year, others with permanent spaces for the public to visit or represented in shops dedicated to the diversity of talent that flourishes here.

WALK & CYCLE

The varying terrain and topography the Dandenong Ranges provides visitors with stunning National Park and State forest to experience any number of walks and trails, suiting all fitness levels. Refer to the regional website visitdandenongranges.com.au for great trail ideas.

PICNIC SPOTS

Take the time to FIND YOUR SELF in the outdoors and feel the difference. Picnics can be the ultimate in a family day out or an intimate day for two to reconnect and wash the worries of the week away. Fresh air, stunning views, amazing wildlife and spectacular gardens all make for an entirely wonderful adventure.

Leave no trace! Please take all your rubbish home.

COOL CLIMATE GARDENS

Home of the **National Rhododendron Gardens**, **Alfred Nicholas Garden**, **Pirianda Garden**, **George Tindale Memorial Garden**, **Kawarra Native Australian Plant Garden** and the iconic **William Ricketts Sanctuary**. Curated gardens such as **Cloudehill** entice you to walk through and imagine yourself in a story, whilst others tell the tales of this place, its vast history and the stories of the Wurundjeri people, the traditional owners.

WILDLIFE

Listen out for the intriguing and elusive superb Lyrebird imitating the diverse life surrounding it as you walk through the beautiful woodlands. Make your way to the cascading Sherbrooke Falls or Olinda Falls viewing platforms. Quiet and gentle of foot, you may observe wallabies, wombats, echidnas and a wide variety of birdlife such as cockatoos and rainbow parrots.

SCENIC DRIVES

Jump in your car and take to the roads less travelled of the Dandenong Ranges. Feel the city fall away as you follow the winding road up through the thick tall forests and cool fern gullies. Enjoy the many scenic drives to magical forests and historic townships, through the patchwork of nurseries, wineries, and orchards.

Alternatively, sit back and enjoy the views from Australia's favourite steam train Puffing Billy as it traverses through lush bushland from Belgrave to Emerald or Gembrook.

PICTURESQUE VIEWS

The views from the Dandenong Ranges are breathtaking. There are arboretums and lookouts aplenty. As varied as they are stunning you will be amazed at just how far the eye can see. Undulating fields, mountain ranges and huge patchwork quilts of colour guide you through to the twinkling lights of the city and there's no better vantage point than the viewing platforms at SkyHigh Mt Dandenong with sweeping views across Melbourne and Port Phillip Bay.

STAY A WHILE

Take time to enjoy a change of scenery and stay a couple of nights or longer. Accommodation is available year round in boutique B&Bs, secluded luxury retreats, self-contained cottages and guesthouses.
